

## QA/QC – MECHANIC TECHNICIAN

# Cloves Brinda

## OBJECTIVE

Dedicated QA/QC Technician with expertise in mechanical systems and quality assurance processes. Seeking to enhance product reliability through precise inspection and testing. . Eager to contribute to a dynamic engineering team.

## EXPERIENCE

### QA/QC TECHNICIAN

**Concremat Engineer | Brazil | Jul 2021 - Present**

Conducted thorough inspections and testing of mechanical components to ensure compliance with quality standards. Collaborated with engineering teams to identify and resolve quality issues, implementing corrective actions as needed. Maintained detailed documentation of inspection results and quality control processes to support continuous improvement initiatives.

### WELDING INSPECTOR

**Inspetro | Vitória ES, Brazil | 2017 - 2021**

Performed detailed inspections of welded joints and fabrications to ensure compliance with industry standards and specifications. Utilized non-destructive testing techniques to assess weld integrity and identify potential defects. Developed and maintained comprehensive inspection reports and documentation to support quality assurance measures and regulatory compliance.

## **QA/QC WELDING INSPECTOR**

**ArcelorMittal | Brazil | Jul 2011 – 2017**

Conducted comprehensive quality assurance and quality control inspections on welding processes to ensure compliance with industry standards and specifications. Utilized visual and non-destructive testing methods to evaluate weld integrity, documenting results for continuous improvement. Collaborated with engineering and production teams to resolve welding discrepancies and enhance overall project quality.

## **INDUSTRIAL MECHANIC TECHNICIAN**

**Compass Group | London, UK | 2005 - 2010**

Performed installation, maintenance, and repair of industrial machinery and equipment, ensuring optimal functionality and safety standards. Diagnosed mechanical failures and implemented effective solutions, significantly reducing equipment downtime. Collaborated with engineering teams to optimize machine performance and support production efficiency.

## **INDUSTRIAL MECHANIC TECHNICIAN**

**Alfred McAlpine | London, UK | 2002 - 2005**

Executed maintenance and repair of industrial machinery, troubleshooting mechanical issues to minimize downtime and enhance productivity. Collaborated with teams to ensure compliance with safety regulations and optimize equipment performance.

## **MECHANIC TECHNICIAN**

**Randstad SPA | Milano, Italy | 2001 – 2002**

Conducted corrective and preventive maintenance on industrial machinery, ensuring optimal operational efficiency and reducing downtime.

## **DIESEL MECHANIC INSTRUCTOR**

**SENAI | Brazil | 1994 – 2000**

Instructed and trained students in diesel engine mechanics, covering diagnostics, repair techniques, and maintenance practices.
